Compromise Anti-Red Bill Proposed

WASHINGTON (AP)—Senate House members came up with a compromise bill today to break down the Communist Party membership in the Communist Party, which is punishable by fire and imprisonment.

The bill, which is a compromise between the House and Senate versions, would strip the Communist Party of its legal status and would strip the Communist Party of its legal status and would strip the Communist Party of its legal status.

SUES SINGER

LOS ANGELES (AP)—A showgirl who, officers said, was found unconscious in the night club dressing room of Billy Daniels last Aug. 5 has sued the singer for \$75,000 damages.

Blonde Patricia Hirsch, 24, charged in her complaint yesterday that Daniels struck and kicked her, inflicting permanent back injuries. She also asked remuneration for medical expenses.

The General Services Administration (GSA) has proposed that the building be constructed under the new lease-purchase law.

Under this law, originally drafted several years ago by Rep. Jim Cullen, the GSA will rent with private agencies to build office buildings which federal agencies will occupy on a lease basis. After a period of years,

the building will be sold to the private agency.

Trimbale said the Fayetteville building is the only one on the GSA list for Arkansas.

Fayetteville to Get New Post Office

WASHINGTON (AP)—A new post office and courthouse building appears in the offing for Fayetteville, Ark.

The General Services Administration (GSA) has proposed that the building be constructed under the new lease-purchase law.

Under this law, originally drafted several years ago by Rep. Jim Cullen, the GSA will rent with private agencies to build office buildings which federal agencies will occupy on a lease basis. After a period of years,

the building will be sold to the private agency.

Trimbale said the Fayetteville building is the only one on the GSA list for Arkansas.

Under this law, originally drafted several years ago by Rep. Jim Cullen, the GSA will rent with private agencies to build office buildings which federal agencies will occupy on a lease basis. After a period of years,

the building will be sold to the private agency.

Trimbale said the Fayetteville building is the only one on the GSA list for Arkansas.

Fighters Are Winning Over Forest Blaze
LITTLE ROCK (AP)—State Foresters and volunteers were tamed around a big forest fire near Hot Springs today and it all seems to be expected to die down by tonight.

Firefighters on the scene estimate that 400 acres of forest land are ablaze. But State Forester Fred Lang said at Little Rock today unless it flared up again, the fight was won.

The fire, which started Monday, was out of control till yesterday. It's near the Arkansas River on the Pulaski county line.

Today it threatened the nearby community of Little Italy.

Lang said the firefighters are stretched clear around the fire with axes and shovels, ready to fight back the fire if it starts to break over at any point.

The forester added that it's impossible to use bulldozers to contain the fire because the area is too hilly.

Lang said he's made an appeal for more Boy Scouts in the Little Rock area to help fight the fire today. Scouts from North Little Rock joined the fight yesterday.

The state forestry department listed 43 fires burning on a total of 1,100 acres of the state's timberland yesterday. A fire on about 100 acres broke out two miles northeast of Russellville.

Nine fires were taking on about 100 acres in the Sheridan area. The Crockett area had eight fires on 31 acres. And one fire between Delight and Antelope in Pike County burned 88 acres yesterday.

Foresters have warned the state's residents not to start fires.

Order of the Rainbow Girls will meet Thursday, August 19, at 7 p. m. for an initiation in the Masonic Hall.

All members of the Rainbow Girls are asked to be present for this important meeting.

Keith-Cas

Announcement is made of the marriage of Zilpa Adella Keith, daughter of Mrs. Louise Abernathy, Keith and the late Mr. Keith of this city, and Roland J. Cases, son of Mr. and Mrs. Charles and the late Mrs. Cases of Chicago, Ill.

The marriage was solemnized in a quiet ceremony held Saturday, August 14, at 5 p. m. in the First Methodist Church of Hope, with the Rev. Virgil D. Keeley, pastor, officiating.

Others assisting in the dining room were Mrs. Charles Chamberlain, Mrs. Wyatt Davis of Hope, and Mrs. John Martin of Dallas.

After a short wedding trip, the couple will be at home at 5017 Swiss Avenue, in Dallas.

Mr. and Mrs. Ralph Musgrave of Cobden, Ill., announce the birth of a daughter, Reba Dine, on August 18.

Coming and Going

Miss Carol Justice of Camden spent the week-end with Miss Sue Gilbert.

Mr. and Mrs. Will Rowe have returned from Los Angeles, where they visited their sons, W. T. and Horace.

Pvt. Charles T. Rogers of Washington, has completed his basic training at Camp Chaffee and is spending a short leave with his parents. He will leave Friday for Ft. Leonard, Mo., to attend the School of Engineering.

Mr. and Mrs. David Anderson of Snookover, and Mr. and Mrs. John Bobb of Camden, and Mr. and Mrs. S. McDowell during the past week-end.

Miss Sue Gilbert, Ann Barr and Carol Justice of Camden, left Wednesday for a few days visit with friends in Harmon and New Orleans, La.

Remmel Still on 'Feeler' Tour

MORRISON, Ark. (UP)—Mayor Paul Remmel of Little Rock was shaking hands and sounding out political opinions in Conway county today on whether he has enough support to run for Congress or governor this fall.

The Republican mayor said he wanted some "grass roots" estimates of his chances. He had closed carrier he is considering after gubernatorial nominee Orval Faubus Nov. 2.

Remmel's tour counted of the counties in the Fifth Congressional district it represents: Faulkner, Conway, Perry, Pope, Van and Polk.

Tomorrow Remmel will be featured speaker in Morrilton at a dinner honoring Abe Davidson, new Arkansas commander of the American Legion. He also will speak at a dinner in Conway county today on whether he has enough support to run for Congress or governor this fall.

"I'm going to the people and find out what they want," said Remmel, who has not yet announced a decision on whether he will seek another office this year.

NO CURE-ALL

"We have no cure-all for slick, shiny baldness," Keele emphasizes. "If there is cure, the cure will be capable of creating hair and we can perform what seems to be a miracle."

There is one thing Keele wants to say to the man and woman who are looking for a cure for baldness. If a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

HAIR FOR LIFETIME

"If clients follow our directions during treatment, and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Keele said. "Our firm is definitely not a hair treatment. It is a hair cure. You will not be embarrassed or obligated in any way. Both men and women are welcome."

Keith-Czes

Announcement

Announcement is made of the marriage of Zilpa Adela Keith, daughter of Mrs. Louise Abernethy, Keith and the late Mr. Keith of this city, and Roland J. Czes, son of Mr. and Mrs. Czes and the late Mr. Czes of Chicago, Ill.

The marriage was solemnized in a quiet ceremony held Saturday, August 14, at 5 p. m. in the First Methodist Church of Hope, with the Rev. Virgil D. Keeley, pastor, officiating in the presence of the immediate families.

Preceding the ceremony, Paul O'Neal, organist, played "Transcendental" by Schumann, and during the exchanging of vows, "Liebestraum" by Liszt.

The bride was given in marriage by her uncle, Jim Keith of Magalia, who was a witness. The groom was given away by his father, Mr. Keith.

Immediately following the ceremony, an informal reception was held at the home of the bride's mother, Mrs. L. G. Tucker of Cotton Valley, La., served the punch, and Mrs. Jim Keith of Magalia, served the cake.

Others assisting in the dining room were Mrs. Charles H. Chamberlain, Mrs. Wyatt Davis of Hope, and Mrs. John Martin of Dallas.

After a short wedding trip, the couple will be at home at 5017 Swiss Avenue, in Dallas.

Deaths

Mr. and Mrs. Ralph Musgrave of Cobden, Ill., announce the birth of a daughter, Reba Dine, on August 18.

Remmel Still on 'Feeler' Tour

MORRISON, Ark. (UP)—Mayor Paul Remmel of Little Rock was shaking hands and sounding out political opinions in Conway county today on whether he has enough support to run for Congress or governor this fall.

The Republican mayor said he wanted some "grass roots" estimates of his chances. He had closed carrier he is considering after gubernatorial nominee Orval Faubus Nov. 2.

Remmel's tour counted of the counties in the Fifth Congressional district it represents: Faulkner, Conway, Perry, Pope, Van and Polk.

Tomorrow Remmel will be featured speaker in Morrilton at a dinner honoring Abe Davidson, new Arkansas commander of the American Legion. He also will speak at a meeting in Conway county today on whether he has enough support to run for Congress or governor this fall.

"I'm going to the people and find out what they want," said Remmel, who has not yet announced a decision on whether he will seek another office this year.

A Possible Solution

The ideal solution, of course, would be to tack the intruding sex in a room, or nook, where those who wish to watch may do so, while leaving some quiet in the room for conversationalists. This ideal, unfortunately, is not feasible in the living quarters of a small house or apartment, escape is impossible. Either the television set is watered out of the program in respect for the visitor, or the outsider must forego their program in respect for the visitor.

But the outsider, whatever the etiquette, is not welcome in the living room. But if she arrives unannounced, it's difficult to make all members of a family accept her presence with grace.

Dear Miss Dix: My aunt had a very curious habit of coming in winter. Now she expects everybody in the family to stop talking to each other and usually when we visit one, we visit the other. My aunt, however, she visits to the cousin. I think my aunt, who is

MARKETS**ST. LOUIS LIVESTOCK**

NATIONAL STOCKYARDS, ST. LOUIS, Mo., Aug. 18.—Cattle: Choice 10.00-10.50; heavy 9.00-9.50; light 8.00-8.50; calves 7.00-7.50; hogs 6.00-6.50; pigs 5.00-5.50; sheep 4.00-4.50; lambs 3.00-3.50.

NEW YORK (AP)—Cotton futures were lower today in all trading. Settle profit taking and light trading met an indifferent mill demand for contracts.

NEW YORK STOCK MARKET—Aircrafts advanced on an otherwise mixed market today. Trading was moderately active with the market generally higher. But soon the pace slowed considerably. Changes were mostly in the range of a few points.

GRAIN AND PROVISIONS
CHICAGO (AP)—Trade in grain was recorded in most grains on the board of Trade today although September soybeans moved over a daily wide range.

POULTRY AND PRODUCE
LITTLE ROCK (AP)—Northwest area: Market steady. Demand improved. Broilers and fryers 2-3 lbs. mostly 2 1/2 lbs.

CHICAGO (AP)—Live poultry steady. Receipts 1,041,000; wholesale selling prices unchanged; 80 score AA 87 1/2; 82 A 85 1/2; 80 B 84 1/2; 80 C 83 1/2; 80 D 82 1/2.

Butter steady; receipts 1,041,000; wholesale selling prices unchanged; 80 score AA 87 1/2; 82 A 85 1/2; 80 B 84 1/2; 80 C 83 1/2; 80 D 82 1/2.

Eggs weak; receipts 4,470; wholesale selling prices unchanged; 1 to 3 cents lower; US. large 37-40; US. mediums 33; US. standards 22; current receipts 25; supplies 21; checks 21.

LITTLE ROCK (AP)—State Foresters and volunteers were engaged around a big forest fire near Hot Springs today and it all goes well it's expected to die down by tonight.

Firefighters on the scene estimate that 400 acres of forest land are ablaze. But State Forester Fred Lang said at Little Rock today unless it flared up again, the fire was won.

The fire, which started Monday, was out of control till yesterday. It's near the Arkansas River on the Pulaski County line.

Today it threatened the nearby community of Little Italy.

Lang said the firefighters are stretched clear around the fire with rakes and shovels, ready to fight back the fire if it starts to break over at any point.

The forester added that it's impossible to use bulldozers to contain the fire because the area is too hilly.

Lang said he's made an appeal for more Boy Scouts in the Little Rock area to help fight the fire today. Scouts from North Little Rock joined the fight yesterday.

The state forestry department listed 43 fires burning on a total of 1,110 acres of the state's timberland yesterday. A fire on about 100 acres broke out two miles northeast of Russellville.

Nine fires were taking on about 100 acres in the Sheridan area. The Crockett area had eight fires on 31 acres. And one fire between Delight and Antelope in Pike County burned 88 acres yesterday.

Foresters have warned the state's residents not to start fires.

**Fayetteville to
Get New Post Office**

WASHINGTON (AP)—A new post office and courthouse building appears in the offing for Fayetteville, Ark.

The General Services Administration (GSA) has proposed that the building be constructed under the new lease-purchase law.

Under this law, originally drafted several years ago by Rep. Jim Hogg (D-Ark.), the GSA will rent with private agencies to build office buildings which federal agencies will occupy on a lease basis. After a period of years—

Merrillman Man
Gets State Job

LITTLE ROCK — Charles L. Merrillman, attorney, has been named by Gov. Francis Cherry as chairman of the Workmen's Compensation Commission. He was named in June after serving as chairman of the WCC since the creation of it a few weeks ago, he told the Star.

The oldest girl, went to school that day, she was said and apparently in the hospital. The situation was not serious, she was said to be recovering.

Months later, his younger son, Wafar, collapsed and died. She was said to be recovering.

3 Major Issues

Continued from Page One

some way to meet administration objections, and still satisfy the majority in both Senate and House which have voted to ban the party through individual penalties. The Justice Department has expressed fear that making membership in the party illegal will interfere with prosecution of Red leaders under present law.

The social security bill, a must item on the President's list and also that of nearly all the lawmakers, is hung up over a controversy as to coverage.

The administration is seeking to extend special security coverage to 3,000,000 farm operators and 500,000 professional people but was turned down on this by the Senate.

The House accepted the President's position on coverage in large part, and its conferees are demanding that the two groups be included in the compromise bill.

The Senate representatives have been just as adamant against it. A controversy over a pay raise for 500,000 postal workers and 15 million civil service, classified workers still could delay adjustment.

But chances for the bill dimmed considerably yesterday after administration leaders made clear that the President would not approve one without a postal raise increase.

The Senate discussed it for a while yesterday, then put it back on the shelf. But the lawmakers have been under intense pressure to vote the pay hike before they leave town.

The Senate also has numerous minor bills it could act on, but most of them appeared certain to go down the drain in the rush of the weary lawmakers to quit.

Yesterday the Senate completed action on a whopping \$1,638,000,000 catch-all money bill.

It also passed and sent back to the House, somewhat amended, one of the anti-subversive bills asked by Eisenhower. It would strip U. S. nationality from citizens convicted of advocating the overthrow of the government by force and violence.

The House, meanwhile, sent to the President by vote a measure to broaden the unemployment compensation program, to include another four million workers, mostly federal employees and workers in small firms now exempt. The act would take effect Dec. 31, 1955.

Connecticut claims that the U. S. Steel industry started in 1714 when John Hope Hickey opened a production plant.

She died the day before the opening of the chamber holding the "foster bond."

He said, "as a scientist, of course, I can't believe this is anything but a coincidence. But there are many things we don't know."

REEL-LIFE ROMANCE—Film stars Arlene Dahl and Fernando Lamas, often called Blonnie's most exciting combo since Greta Garbo and John Gilbert, were married in Las Vegas, Nev., climaxing a courtship of nearly two years. They are shown above during the first movie they made together last year.

Tells of Big Mixup in Slaying Probe

LITTLE ROCK, (UP)—The coroner who testified before the grand jury that indicted Dr. Samuel H. Sheppard for the murder of his wife said yesterday investigation of the mystery "got muddled" faster than any he has ever seen.

Coroner Samuel H. Gerber of Cuyahoga County, Ohio, who was before the grand jury for two hours in Cleveland Tuesday, is attending the national coroners convention here. He said early action on the July 4th murder in Bay Village, O., was mishandled.

"When a murder is discovered in Little Rock," he asked, "Whom do you call? You call the police. Yet in this case the mayor (of Bay Village) was the first person called."

Gerber said the mayor, his wife and son all went to see Sheppard house and other persons entered the home who shouldn't have been there. Gerber said he himself did not arrive in Bay Village until four hours after the body was found.

The coroner said he doubts that the murder weapon, which has never been found, was a golf club. Some newspaper account advanced that theory. Gerber said the murder was standing too close to Mrs. Sheppard as she lay in bed to use a golf club or any other instrument that long.

Dr. Gerber said he thinks the murder weapons was between 19 and 20 inches long. Mrs. Sheppard, whose head was broken to a pulp, was struck between 25 and 35 times, he said.

One of the reasons police initially suspected Dr. Sheppard of the crime, Gerber theorized, was that his family hired "the best criminal attorney in the county" after the body was found. He said the 32-year-old osteopath now has five lawyers.

16 New Polio Cases in State

LITTLE ROCK, (UP)—There were 16 new cases of polio in Arkansas for the week ended last Saturday, the State Health Department reported today.

This is three less than the number for the same week last year. But it brings this year's total to 100 cases compared with 107 for the corresponding period in 1953.

The county-by-county breakdown for last week's cases follows: Desha County four, Independence County two, Union County two, Jackson, Pope, Sevier, Sebastian, Monroe, Phillips and Ouachita one each.

There were 38 new cases of mumps last week. This brings the year's total for that disease to 3,974 compared with 1,446 for the corresponding period of 1953.

Ready to Take Stand to Prove Innocence

CLEVELAND, (UP)—Dr. Samuel H. Sheppard, held in a first degree murder indictment, is willing "to do anything," even take the witness stand to try to prove his innocence in the July 4th bludgeoning killing of his wife, Marilyn, his brother, Dr. Richard Sheppard said today.

His first chance may come tomorrow when the scheduled arraignment on the indictment is held, before Common Pleas Judge Arthur Day. However, his attorney, William Corrigan, said he had not decided yet to put the young osteopath on the stand, "but I am prepared to call fact witnesses to testify to my client's innocence."

On the attempt will also be made to force Dr. Sheppard off bail tomorrow, but Ohio law prohibits it if there exists a "reasonable" presumption of guilt.

Assistant County Prosecutor John J. Mahon, who will try the case, said that the indictment "makes the presumption of guilt great."

Meanwhile, Dr. Richard Sheppard revealed that the family has received several offers from strangers to confess to the murder in return for money.

Some are "cranks," he said. Authorities indicated that the identification of a mysterious palm print, found on a desk in the Sheppard home, had been traced to the doctor's Clinic 7, and said that it may seriously affect one aspect of the defense's contention that an intruder killed the 31-year-old Mrs. Sheppard, who was found beaten to death in her bed.

Dr. Sheppard has contended that he was knocked unconscious twice and injured going to his wife's assistance. He said he was asleep on a sofa downstairs when awakened by his wife's screams.

Defense lawyers indicated they also may move for a change in venue on ground that public opinion has been incited against the young osteopath.

Another move for the defense came yesterday when Dr. Sheppard released a proclamation of innocence through his brother Dr. Stephen Sheppard. In the statement the accused professed "undying love" for his wife.

115,000 Needed to Pick Cotton

LITTLE ROCK — Cotton picking, scheduled to get under way about September 1, will provide jobs for some 115,000 seasonal workers, the Arkansas Employment Security Division estimated today.

Surveys by the Division and Crop Reporting Service indicate a bumper yield of 1,300,000 bales.

Bayard Taylor, administrator of the Employment Security Division, said that the agency's 24 field offices, plus mobile units at Batesville and Harrison, will assist

Committee cut the amount to 314 million. Fulbright convinced the Senate the full five million should be voted. The House agreed to the amount and was included in the bill.

The new law sponsored by Fulbright, Sen. Eastland (R-Miss.) and others, extends to all states the water facilities act previously applicable only to the Western states.

Under the law, farmers or groups of farmers may borrow federal funds to finance development of water supplies for irrigation, construction of necessary irrigation structures and purchase of equipment.

The law also provides the way for development of additional water facilities in Arkansas," Fulbright told a reporter.

"The said development of water supplies for irrigation wells and reservoirs would enable many farmers to grow crops in times of drought and make it possible for Arkansas and other Southern states to grow more food for the nation."

He said that an appropriation bill sent to the White House yesterday provides five million dollars to start the program in the Southern and Eastern states not heretofore included in the law.

The law also authorizes the Agriculture Department to set up a program under which the federal government will insure similar loans made by banks to farmers for development of water supplies.

It was an amendment by Fulbright in the Senate that hikes the amount to five million. The Budget Bureau recommended five million but the Senate Appropriations Committee for the same week last year. But it brings this year's total to 100 cases compared with 107 for the corresponding period in 1953.

The county-by-county breakdown for last week's cases follows: Desha County four, Independence County two, Union County two, Jackson, Pope, Sevier, Sebastian, Monroe, Phillips and Ouachita one each.

There were 38 new cases of mumps last week. This brings the year's total for that disease to 3,974 compared with 1,446 for the corresponding period of 1953.

Irrigation Ahead, Says Sen. Fulbright

WASHINGTON (AP)—An increase in irrigation in Arkansas and other Southern states was predicted by Sen. Fulbright (D-Ark.) today as a result of a new law signed by President Eisenhower.

The new law sponsored by Fulbright, Sen. Eastland (R-Miss.) and others, extends to all states the water facilities act previously applicable only to the Western states.

Under the law, farmers or groups of farmers may borrow federal funds to finance development of water supplies for irrigation, construction of necessary irrigation structures and purchase of equipment.

The law also provides the way for development of additional water facilities in Arkansas," Fulbright told a reporter.

"The said development of water supplies for irrigation wells and reservoirs would enable many farmers to grow crops in times of drought and make it possible for Arkansas and other Southern states to grow more food for the nation."

He said that an appropriation bill sent to the White House yesterday provides five million dollars to start the program in the Southern and Eastern states not heretofore included in the law.

U. S. to Pull Some Forces Out of Korea

WASHINGTON (AP)—The United States will pull two thirds of its ground strength out of Korea in the next few months in carrying out a new military strategy to mount a flexible defense against Communist China and at the same time build up a central strategic reserve at home.

In the largest peacetime redeployment of American forces, announced yesterday, four full divisions will be withdrawn from Korea. Two divisions and smaller units will be withdrawn from the United States, and Okinawa and Hawaii will be strengthened by one division each.

Although two fewer divisions will be left in the western Pacific, defense officials interpreted the move as completely in step with the new strategy.

Merrill Man Gets State Job

LITTLE ROCK — Charles L. Merrill, attorney, has been named by Gov. Francis Cherry as chairman of the Workmen's Compensation Commission. Merrill was named in June after serving as chairman of the WCC since the creation of it a few weeks ago, he told reporters.

The oldest girl, went to school that day, she was said and apparently in good health. Merrill's attention was drawn to her when she was diagnosed as a heart patient.

Months later, his younger sister, Wanda, collapsed and died. She was said the cause of her

Continued from Page One

some way to meet administration objections, and still satisfy the majority in both Senate and House which have voted to ban the party through individual penalties. The Justice Department has expressed fear that making membership in the party illegal will interfere with prosecution of Red leaders under present laws.

The social security bill, a must item on the President's list and also that of nearly all the lawmakers, is hung up over a controversy as to coverage.

The administration is seeking to extend special security coverage to 3,000,000 farm operators and 500,000 professional people but was turned down on this by the Senate.

The House accepted the President's position on coverage in large part, and its conferees are demanding that the two groups be included in the compromise bill.

The Senate representatives have been just as adamant against it. A controversy over a pay raise for 500,000 postal workers and 15 million civil service, classified workers still could delay adjustment.

But chances for the bill dimmed considerably yesterday after administration leaders made clear that the President would not approve one without a postal rate increase.

The Senate discussed it for a while yesterday, then put it back on the shelf. But the lawmakers have been under intense pressure to vote the pay hike before they leave town.

The Senate also has numerous minor bills it could act on, but most of them appeared certain to go down the drain in the rush of the weary lawmakers to quit.

Yesterday the Senate completed action on a whopping \$1,638,000,000 catch-all money bill.

It also passed and sent back to the House, somewhat amended, one of the anti-subversive bills asked by Eisenhower. It would strip U. S. nationality from citizens convicted of advocating the overthrow of the government by force and violence.

The House, meanwhile, sent to the President by vote a measure to broaden the unemployment compensation program, to include another four million workers, mostly federal employees and workers in small firms now exempt. The act would take effect Dec. 31, 1955.

REEL-LIFE ROMANCE—Film stars Arlene Dahl and Fernando Lamas, often called Blonnie's most exciting combo since Greta Garbo and John Gilbert, were married in Las Vegas. New, climaxing a courtship of nearly two years, they are shown above during the first movie they made together last year.

Tells of Big Mixup in Slaying Probe

LITTLE ROCK, (UP)—The coroner who testified before the grand jury that indicted Dr. Samuel H. Sheppard for the murder of his wife said yesterday investigation of the mystery "got mixed up" faster than any he has ever seen.

Coroner Samuel H. Gerber of Cuyahoga County, Ohio, who was before the grand jury for two hours in Cleveland Tuesday, is attending the national coroners convention here. He said early action on the July 4th murder in Bay Village, O., was mishandled.

"When a murder is discovered in Little Rock," he asked, "Whom do you call? You call the police. Yet in this case the mayor (of Bay Village) was the first person called."

Gerber said the mayor, his wife and son all went to see Sheppard

house and other persons entered the home who shouldn't have been there. Gerber said he himself did not arrive in Bay Village until four hours after the body was found.

The coroner said he doubts that the murder weapon, which has never been found, was a golf club. Some newspaper account advanced that theory. Gerber said the murder was standing too close to Mrs. Sheppard as she lay in bed to use a golf club or any other instrument that long.

Dr. Gerber said he thinks the murder weapons was between 19 and 20 inches long. Mrs. Sheppard, whose head was broken to a pulp, was struck between 25 and 35 times, he said.

One of the reasons police initially suspected Dr. Sheppard of the crime, Gerber theorized, was that his family hired "the best criminal attorney in the county" after the body was found. He said the 32-year-old osteopath now has five lawyers.

Dr. Sheppard, held in jail, said he was a first degree murder indictment, is willing "to do anything," even take the witness stand to try to prove his innocence in the July 4th homicide killing of his wife, Marilyn, his brother, Dr. Richard Sheppard said today.

His first chance may come tomorrow when the scheduled arraignment on the indictment is held, before Common Pleas Judge Arthur Day. However, his attorney, William Corrigan, said he had not decided yet to put the young osteopath on the stand, "but I am prepared to call fact witnesses to testify to my client's innocence."

On the attempt will also be made to face Dr. Sheppard on bail tomorrow, but Ohio law prohibits it if there exists a "reasonable presumption of guilt."

Assistant County Prosecutor John J. Mahon, who will try the case, said that the indictment "makes the presumption of guilt great."

Meanwhile, Dr. Richard Sheppard revealed that the family has received several offers from strangers to confess to the murder in return for money.

Some are "cranks," he said. Authorities indicated that the identification of a mysterious palm print, found on a desk in the Sheppard home, had been traced to the doctor's Clinic 7, and said that it may seriously affect one aspect of the defense's contention that an intruder killed the 31-year-old Mrs. Sheppard, who was found beaten to death in her bed.

Dr. Sheppard has contended that he was knocked unconscious twice and injured going to his wife's assistance. He said he was asleep on a sofa downstairs when awakened by his wife's screams.

Defense lawyers indicated they also may move for a change in venue on ground that public opinion has been incited against the young osteopath.

Another move for the defense came yesterday when Dr. Sheppard presented a proclamation of innocence through his brother Dr. Stephen Sheppard. In the statement the accused professed "undying love" for his wife.

115,000 Needed to Pick Cotton

LITTLE ROCK — Cotton picking, scheduled to get under way about September 1, will provide jobs for some 115,000 seasonal workers, the Arkansas Employment Security Division estimated today.

Surveys by the Division and Crop Reporting Service indicate a bumper yield of 1,300,000 bales.

Bayard Taylor, administrator of the Employment Security Division, said that the agency's 24 field offices, plus mobile units at Batesville and Harrison, will assist

Irrigation Ahead, Says Sen. Fulbright

WASHINGTON (AP)—An increase in irrigation in Arkansas and other Southern states was predicted by Sen. Fulbright (D-Ark.) today as a result of a new law signed by President Eisenhower.

The new law sponsored by Fulbright, Sen. Eastland (S-Miss.) and others, extends to all states the water facilities act previously applicable only to the Western states.

Under the law, farmers or groups of farmers may borrow federal funds to finance development of water supplies for irrigation, construction of necessary irrigation structures and purchase of equipment.

"This law paves the way for development of additional water facilities in Arkansas," Fulbright told a group of farmers.

"He said development of water supplies for irrigation wells and reservoirs would enable many farmers to grow crops in times of drought and make it possible for Arkansas and other Southern states to grow more food for the nation."

He said that an appropriation bill sent to the White House yesterday provides five million dollars to start the program in the Southern and Eastern states not heretofore included in the law.

The law also authorizes the Agriculture Department to set up a program under which the federal government will insure similar loans made by banks to farmers for development of water supplies.

It was an amendment by Fulbright in the Senate that hikes the amount to five million. The Budget Bureau recommended five million but the Senate Appropriations

U. S. to Pull Some Forces Out of Korea

WASHINGTON (AP)—The United States will pull two thirds of its ground strength out of Korea in the next few months in carrying out a new military strategy to mount a flexible defense against Communist China and at the same time build up a central strategic reserve at home.

In the largest peacetime redeployment of American forces, announced yesterday, four full divisions will be withdrawn from Korea. Two divisions and smaller units will be withdrawn from the United States, and Okinawa and Hawaii will be strengthened by one division each.

Although two fewer divisions will be left in the western Pacific, defense officials interpreted the move as completely in step with the new strategy.

16 New Polio Cases in State

LITTLE ROCK, (UP)—There were 16 new cases of polio in Arkansas for the week ended last Saturday, the State Health Department reported today.

This is three less than the number for the same week last year. But it brings this year's total to 100 cases compared with 107 for the corresponding period in 1953.

The county-by-county breakdown for last week's cases follows:

Desha County four, Independence County two, Union County two, Jackson, Pope, Sevier, Sebastian, Monroe, Phillips and Ouachita one each.

There were 38 new cases of mumps last week. This brings the year's total for that disease to 3,974 compared with 1,446 for the corresponding period of 1953.

Buick's biggest hit brings you a 3-way bonus

1. You get the car that's in step with tomorrow
2. You get the car that's a sure high resale value
3. You get a bigger allowance from our volume business

From stem to stern, Buick today is styled a year ahead—with long, low glamor lines, with the very look of tomorrow, and with that broad panoramic windshield that many other cars won't have till 1955. Equally important, you get in Buick advanced V8 power, big room, luxurious comfort, the famed Million Dollar Ride—and all for prices that start just a few dollars above those of the so-called "low-price three." Is it any wonder, then, that Buick today is outselling all other cars in America except two of these "low-price three?"

Come see for yourself why—

The House agreed to the amount and was included in the bill.

The new law sponsored by Fulbright, Sen. Eastland (D-Miss.) and others, extends to all states the water facilities act previously applicable only to the Western states.

Under the law, farmers or groups of farmers may borrow federal funds to finance development of water supplies for irrigation, construction of necessary irrigation structures and purchase of equipment.

The law also provides for the development of additional water facilities in Arkansas, Fulbright told a group of farmers.

"This law paves the way for development of additional water facilities in Arkansas," Fulbright told a group of farmers.

"He said development of water supplies for irrigation wells and reservoirs would enable many farmers to grow crops in times of drought and make it possible for Arkansas and other Southern states to grow more food for the nation."

He said that an appropriation bill sent to the White House yesterday provides five million dollars to start the program in the Southern and Eastern states not heretofore included in the law.

The law also authorizes the Agriculture Department to set up a program under which the federal government will insure similar loans made by banks to farmers for development of water supplies.

16 New Polio Cases in State

LITTLE ROCK, (UP)—There were 16 new cases of polio in Arkansas for the week ended last Saturday, the State Health Department reported today.

This is three less than the number for the same week last year. But it brings this year's total to 100 cases compared with 107 for the corresponding period in 1953.

The county-by-county breakdown for last week's cases follows: Desha County four, Independence County two, Union County two, Jackson, Pope, Sevier, Sebastian, Monroe, Phillips and Ouachita one each.

There were 38 new cases of mumps last week. This brings the year's total for that disease to 3,974 compared with 1,446 for the corresponding period of 1953.

U. S. to Pull Some Forces Out of Korea

WASHINGTON — The United States will pull two thirds of its ground strength out of Korea in the next few months in carrying out a new military strategy to mount a flexible defense against Communist China and at the same time build up a central strategic reserve at home.

In the largest peacetime redeployment of American forces, announced yesterday, four full divisions will be withdrawn from Korea. Two divisions and smaller units will be withdrawn from the United States, and Okinawa and Hawaii will be strengthened by one division each.

Although two fewer divisions will be left in the western Pacific, defense officials interpreted the move as completely in step with the new strategy.

It was an amendment by Fulbright in the Senate that hikes the amount to five million. The Budget Bureau recommended five million but the Senate Appropriations Committee cut the amount to 3 1/2 million. Fulbright convinced the Senate the full five million should be voted. The House agreed to the amount and was included in the bill.

The new law sponsored by Fulbright, Sen. Eastland (D-Miss.) and others, extends to all states the water facilities act previously applicable only to the Western states.

Under the law, farmers or groups of farmers may borrow federal funds to finance development of water supplies for irrigation, construction of necessary irrigation structures and purchase of equipment.

Merrill Man Gets State Job

LITTLE ROCK — Charles L. Merrill, attorney, has been named by Gov. Francis Cherry as chairman of the Workmen's Compensation Commission. Merrill was named in June after serving as chairman of the WCC since the creation of it a few weeks ago, he told reporters.

The oldest girl, went to school that day, she was said and apparently in good health. Merrill's attention was drawn to the fact that she was a heart.

Months later, his younger son, Wanda, collapsed and died. She was said the cause of her

3 Major Issues

Continued from Page One

some way to meet administration objections, and still satisfy the majority in both Senate and House which have voted to ban the party through individual penalties. The Justice Department has expressed fear that making membership in the party illegal will interfere with prosecution of Red leaders under present laws.

The social security bill, a must item on the President's list and also that of nearly all the lawmakers, is hung up over a controversy as to coverage.

The administration is seeking to extend special security coverage to 3,000,000 farm operators and 500,000 professional people but was turned down on this by the Senate.

The House accepted the President's position on coverage in large part, and its conferees are demanding that the two groups be included in the compromise bill.

The Senate representatives have been just as adamant against it. A controversy over a pay raise for 500,000 postal workers and 15 million civil service, classified workers still could delay adjustment.

But chances for the bill dimmed considerably yesterday after administration leaders made clear that the President would not approve one without a postal rate increase.

The Senate discussed it for a while yesterday, then put it back on the shelf. But the lawmakers have been under intense pressure to vote the pay hike before they leave town.

The Senate also has numerous minor bills it could act on, but most of them appeared certain to go down the drain in the rush of the weary lawmakers to quit.

Yesterday the Senate completed action on a whopping \$1,638,000,000 catch-all money bill.

It also passed and sent back to the House, somewhat amended, one of the anti-subversive bills asked by Eisenhower. It would strip U. S. nationality from citizens convicted of advocating the overthrow of the government by force and violence.

The House, meanwhile, sent to the President by vote a measure to broaden the unemployment compensation program, to include another four million workers, mostly federal employees and workers in small firms now exempt. The act would take effect Dec. 31, 1955.

REEL-LIFE ROMANCE—Film stars Arlene Dahl and Fernando Lamas, often called Blonnie's most exciting combo since Greta Garbo and John Gilbert, were married in Las Vegas. New, climaxing a courtship of nearly two years, they are shown above during the first movie they made together last year.

Tells of Big Mixup in Slaying Probe

LITTLE ROCK, (UP)—The coroner who testified before the grand jury that indicted Dr. Samuel H. Sheppard for the murder of his wife said yesterday investigation of the mystery "got mired up" faster than any he has ever seen.

Coroner Samuel H. Gerber of Cuyahoga County, Ohio, who was before the grand jury for two hours in Cleveland Tuesday, is attending the national coroners convention here. He said early action on the July 4th murder in Bay Village, O., was mishandled.

"When a murder is discovered in Little Rock," he asked, "Whom do you call? You call the police. Yet in this case the mayor (of Bay Village) was the first person called."

Gerber said the mayor, his wife and son all went to see Sheppard

16 New Polio Cases in State

LITTLE ROCK, (UP)—There were 16 new cases of polio in Arkansas for the week ended last Saturday, the State Health Department reported today.

This is three less than the number for the same week last year. But it brings this year's total to 100 cases compared with 107 for the corresponding period in 1953.

The county-by-county breakdown for last week's cases follows:

Desha County four, Independence County two, Union County two, Jackson, Pope, Sevier, Sebastian, Monroe, Phillips and Ouachita one each.

There were 38 new cases of mumps last week. This brings the year's total for that disease to 3,974 compared with 1,446 for the corresponding period of 1953.

Ready to Take Stand to Prove Innocence

CLEVELAND, (UP)—Dr. Samuel H. Sheppard, held in a first degree murder indictment, is willing "to do anything," even take the witness stand to try to prove his innocence in the July 4th bludgeoning killing of his wife, Marilyn, his brother, Dr. Richard Sheppard said today.

His first chance may come tomorrow when the scheduled arraignment on the indictment is held, before Common Pleas Judge Arthur Day. However, his attorney, William Corrigan, said he had not decided yet to put the young osteopath on the stand, "but I am prepared to call fact witnesses to testify to my client's innocence."

On the attempt will also be made to force Dr. Sheppard off bail tomorrow, but Ohio law prohibits it if there exists a "reasonable" presumption of guilt.

Assistant County Prosecutor John J. Mahon, who will try the case, said that the indictment "makes the presumption of guilt great."

Meanwhile, Dr. Richard Sheppard revealed that the family has received several offers from strangers to confess to the murder in return for money.

Some are "cranks," he said. Authorities indicated that the identification of a mysterious palm print, found on a desk in the Sheppard home, had been traced to the doctor's Clinic 7, and said that it may seriously affect one aspect of the defense's contention that an intruder killed the 31-year-old Mrs. Sheppard, who was found beaten to death in her bed.

Dr. Sheppard has contended that he was knocked unconscious twice and injured going to his wife's assistance. He said he was asleep on a sofa downstairs when awakened by his wife's screams.

Defense lawyers indicated they also may move for a change in venue on ground that public opinion has been incited against the young osteopath.

Another move for the defense came yesterday when Dr. Sheppard released a proclamation of innocence through his brother Dr. Stephen Sheppard. In the statement the accused professed "undying love" for his wife.

115,000 Needed to Pick Cotton

LITTLE ROCK — Cotton picking, scheduled to get under way about September 1, will provide jobs for some 115,000 seasonal workers, the Arkansas Employment Security Division estimated today.

Surveys by the Division and Crop Reporting Service indicate a bumper yield of 1,300,000 bales.

Bayard Taylor, administrator of the Employment Security Division, said that the agency's 24 field offices, plus mobile units at Batesville and Harrison, will assist

Irrigation Ahead, Says Sen. Fulbright

WASHINGTON (AP)—An increase in irrigation in Arkansas and other Southern states was predicted by Sen. Fulbright (D-Ark.) today as a result of a new law signed by President Eisenhower.

The new law sponsored by Fulbright, Sen. Eastland (S-Miss.) and others, extends to all states the water facilities act previously applicable only to the Western states.

Under the law, farmers or groups of farmers may borrow federal funds to finance development of water supplies for irrigation, construction of necessary irrigation structures and purchase of equipment.

"This law paves the way for development of additional water facilities in Arkansas," Fulbright told reporters.

"He said development of water supplies for irrigation wells and reservoirs would enable many farmers to grow crops in times of drought and make it possible for Arkansas and other Southern states to grow more food for the nation."

He said that an appropriation bill sent to the White House yesterday provides five million dollars to start the program in the Southern and Eastern states not heretofore included in the law.

The law also authorizes the Agriculture Department to set up a program under which the federal government will insure similar loans made by banks to farmers for development of water supplies.

It was an amendment by Fulbright in the Senate that hikes the amount to five million. The Budget Bureau recommended five million but the Senate Appropriations

Buick's biggest hit brings you a 3-way bonus

1. You get the car that's in step with tomorrow
2. You get the car that's a sure high resale value
3. You get a bigger allowance from our volume business

From stem to stern, Buick today is styled a year ahead—with long, low glamor lines, with the very look of tomorrow, and with that broad panoramic windshield that many other cars won't have till 1955. Equally important, you get in Buick advanced V8 power, big room, luxurious comfort, the famed Million Dollar Ride—and all for prices that start just a few dollars above those of the so-called "low-price three." Is it any wonder, then, that Buick today is outselling all other cars in America except two of these "low-price three?"

Every month's sales figures this year have affirmed this fact: Buick sales are soaring; Buick is outselling all other cars in the nation, regardless of price range, except two of the "low-price three." So with this tremendous volume, we can—and do—offer higher trade-in allowances. Come in, see and drive a new Buick—then check for yourself that our volume business really does mean a far bigger allowance for you.

Come see for yourself why—

Buick Sales are Soaring!

Continues in Hattie Ban

By FRANK GRUBER

WASHINGTON (AP)—The House today passed a bill to continue the Hattie Ban, which prohibits the sale of Hattie's brand of cigarettes in the District of Columbia.

The bill, which was introduced by Rep. Charles McNichols (D-Md.), passed by a vote of 241 to 191.

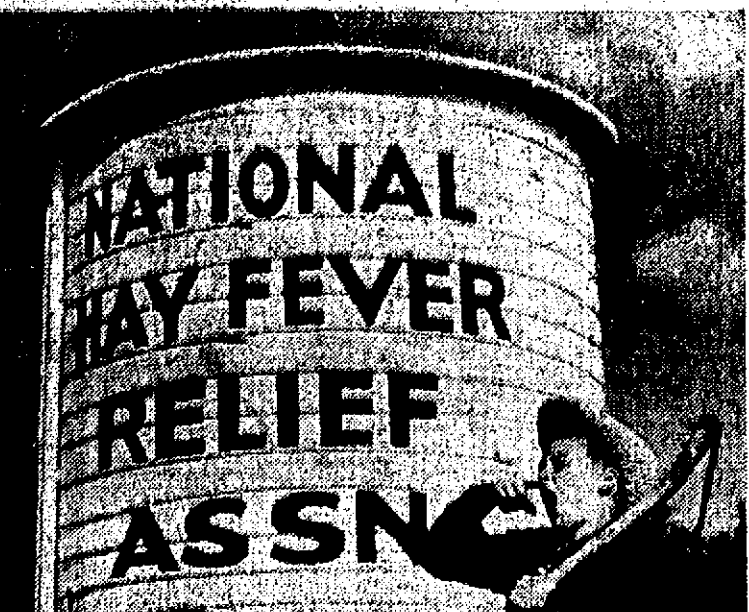

The bill would extend the ban for another year, until the end of 1955.

The Hattie Ban was originally enacted in 1947, when the House passed a resolution prohibiting the sale of Hattie's brand of cigarettes in the District of Columbia.

The ban was renewed in 1950 and 1953.

The bill would also prohibit the sale of Hattie's brand of cigarettes in the District of Columbia.

The bill would also prohibit the sale of Hattie's brand of cigarettes in the District of Columbia.

NATIONAL MAY FEVER RELIEF ASSN.

By FRANK GRUBER

WASHINGTON (AP)—The National May Fever Relief Association today announced that it had received a grant from the U.S. Public Health Service to conduct a study of the disease.

The association, which was founded in 1947, is a non-profit organization dedicated to the relief of may fever.

The grant will be used to fund a study of the disease, which is caused by a parasite that is transmitted by a tick.

The association has received grants from the U.S. Public Health Service in previous years.

Bipartisan Agreement on Red Ban Seen

By JOHN CHADWICK

WASHINGTON (AP) Senate Republican Leader, Knowledge of California said today he thought it was still possible to reach a bipartisan agreement on a much-needed bill to ban the Communist party.

Two yesterday administration leaders were confident, first by the Senate and then by the House, in their efforts to keep out of the measure a provision making Communist party membership a crime.

The double setback was a surprise upset for Republican leaders after they had engineered a move that only the day before put the bill through the House in a form satisfactory to President Eisenhower.

Mr. Congress now rushing toward adjournment, knowledge told newsmen he was pinning his hopes on a compromise conference committee to work out a compromise agreeable all around.

His present plan, after shutting back and forth between the House and Senate amid charges of "protectionism" by the latter, is to move the bill to the Senate.

Mr. Congress now rushing toward adjournment, knowledge told newsmen he was pinning his hopes on a compromise conference committee to work out a compromise agreeable all around.

Crain Would Accept Highway Post

LITTLE ROCK (AP)—Jim Crain, East Arkansas plantation owner and an active campaigner for Orval Faubus in the gubernatorial election, today said he would accept a position on the Arkansas Highway Commission if it is offered.

In answer to a question, Crain said: "I know of no better way to serve my state and country than to take part in its operations."

The amendment, passed after Gov. Francis Cherry took office, allows a governor to make only one appointment to the commission.

Faubus, who won the Democratic nomination for governor, today said—according to the unofficial count, has said that he will support the amendment.

However, Faubus attacked the amendment, declaring that it was "promised more highways than can be built in Eastern Arkansas for 10 years."

Four of the five highway commission members, including Portis, have said that they do not intend to resign. The chairman, Raymond Or. Port Smith, is governor.

He has said that he will serve on his term. He refused to comment on whether he would be willing to serve another term if Faubus re-appointed him.

Other members of the commission are Miss Willie Lawson, Port Smith, Glen Wallace, Macksville, and Cecil Lynch, Pine Bluff.

Crain served on the commission while Sid McMath was governor. His plantation is near Wilson, Ark.

The British ordered extermination of the Barbary Apes of Gibraltar in 1925 as a punishment, but after remembering the tradition that the British would leave the base when the apes left, they placed them under the care of an officer with the title "keeper of the apes."

anyone... for money," said Hong Kong Smith.

Tanager was sorting out type when he heard the door open. Laura Vesser had entered the shop and was coming toward him. She said softly, "I'm here on an errand for my employer. He wants to see you."

"He'd stop to anything?" "And you're the flashiest man I saw what you did to the store."

"But you didn't see what Bleek did to the store. He put it in a worse state than I found it. He was sorting. Three of us have been sorting all day. And Mr. Miller's gone. St. Louis has got new parts for the press that Bill Bleek broke."

"Why do you have to fight Fugger and Bleek Miller's quarrel just yours?" "Sometimes a man can't help but fight."

Continues in Hattie Ban

By FRANK GRUBER

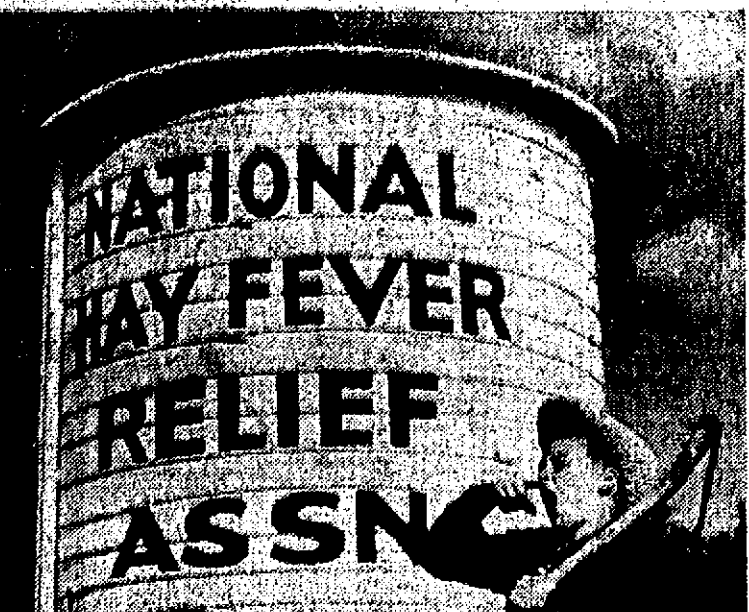

WASHINGTON (AP)—The House today passed a bill to continue the Hattie Ban, which prohibits the sale of Hattie's hair oil in interstate commerce.

The bill, which was introduced by Rep. Charles McNair (R., Ind.), passed by a vote of 241 to 191.

The bill would prohibit the sale of Hattie's hair oil in interstate commerce, but it would not prohibit the sale of Hattie's hair oil in intrastate commerce.

The bill would also prohibit the sale of Hattie's hair oil in interstate commerce, but it would not prohibit the sale of Hattie's hair oil in intrastate commerce.

The bill would also prohibit the sale of Hattie's hair oil in interstate commerce, but it would not prohibit the sale of Hattie's hair oil in intrastate commerce.

Continues in Hattie Ban

By FRANK GRUBER

WASHINGTON (AP)—The House today passed a bill to continue the Hattie Ban, which prohibits the sale of Hattie's brand of cigarettes in the District of Columbia.

The bill, which was introduced by Rep. Charles McNichols (D-Mo.), was passed by a vote of 241 to 159.

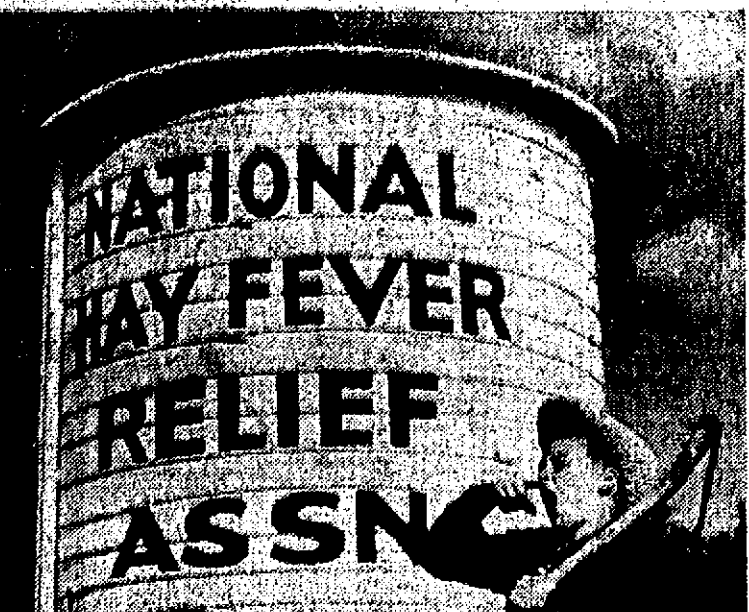

The bill would extend the ban for another year, until the end of 1955.

The Hattie Ban was originally enacted in 1947, when the House passed a resolution prohibiting the sale of Hattie's brand of cigarettes in the District of Columbia.

The ban was renewed in 1950 and 1953.

The bill would also prohibit the sale of Hattie's brand of cigarettes in the District of Columbia.

The bill was passed by a vote of 241 to 159.

NATIONAL MAY FEVER RELIEF ASSN.

By FRANK GRUBER

WASHINGTON (AP)—The National May Fever Relief Association today announced that it has received a grant from the Federal Government to help pay the expenses of its members.

The grant was for \$10,000.

The association was founded in 1947, and has since that time been working to help people who suffer from May fever.

The association's members are people who have been diagnosed with May fever by a doctor.

The association's purpose is to help these people by providing them with financial aid and other services.

PRESCOTT NEWS

By FRANK GRUBER

WASHINGTON (AP)—The Prescott News today reported that the local chapter of the National May Fever Relief Association has received a grant from the Federal Government to help pay the expenses of its members.

The grant was for \$10,000.

The association was founded in 1947, and has since that time been working to help people who suffer from May fever.

The association's members are people who have been diagnosed with May fever by a doctor.

The association's purpose is to help these people by providing them with financial aid and other services.

New Briefs

TOKYO (UP)—Southwestern Japan braced itself today for the expected onslaught of the 15-mile-an-hour typhoon that raged over Okinawa last weekend.

The latest reports, the storm was churning north and east on a course expected to take it across Japanese islands of Kyushu, Shikoku and Honshu. It is expected to hit Kyushu about 8 a. m. tomorrow.

HAVANA (UP)—Two bombs exploded in downtown Havana last night, killing a district leader of the opposition "Orthodox" party, injuring four others and causing "extensive" property damage.

Enrique Martinez Sanchez, the political leader, was found dead in the doorway of his apartment. The four injured victims, including a woman in deep shock, were hospitalized.

KARACHI, Pakistan (UP)—Huge U.S. Air Force transports rushed tons of medicines and supplies into East Pakistan today to meet the threat of epidemics in the wake of the worst floods in the nation's history.

The first of 10 planeloads of emergency aid touched down in less than 48 hours after President Eisenhower authorized U.S. assistance for 7,000,000 Pakistanis homeless by the floods. Additional shipments are expected later by sea.

BERLIN (UP)—The 400-ton dome of the burned-out Reichstag (parliament) building, one of Berlin's most famous landmarks, is to be torn down as a "public danger," it was announced today.

City officials have decided to saw through the girder precariously supporting the dome and let it fall into the interior of the building, destroyed by fire 21 years ago. They fear that otherwise it may fall on its own weight, endangering passersby.

BUENOS AIRES (UP)—Jewish writers in Argentina have asked Soviet propagandist Ilya Ehrenburg to leave the country.

Ehrenburg, who has been in Argentina for several years, has been accused of being a "Soviet agent" and of "betraying" Jewish authors and newsmen in Russia.

An open letter published yesterday by the independent newspaper "Clarín" accused Ehrenburg of "betraying" Jewish authors and newsmen in Russia.

GUATEMALA CITY (UP)—The military junta government said today that 127 military cadets will be court-martialed for their part in the regular army revolt two weeks ago, in which 25 persons were killed and 100 injured.

Practical fountain pens were not in common use until after 1880.

THE STORY: Luke Miller's fight to end the Hattie Ban and save the Hattie brand of cigarettes in the District of Columbia. The Hattie Ban is a law that prohibits the sale of Hattie's brand of cigarettes in the District of Columbia.

Luke Miller, who is employed by the Hattie brand, is fighting the ban because it is unfair to the Hattie brand and its customers.

Miller is a man who is determined to win. He is a man who is not afraid to fight.

Miller is a man who is not afraid to die.

He hit Bleek's nose, his eyes, his cheeks. Again and again, he hit him. A groan came from the other man's lips. Tanager struck once more and Bleek lay on the ground. Tanager moved in pain and for a moment, Tanager could not follow the type cases. Was it a fight? Tanager looked at the man who was lying on the ground. He was a man who was not afraid to fight. He was a man who was not afraid to die.

Tanager looked at the man who was lying on the ground. He was a man who was not afraid to fight. He was a man who was not afraid to die.

Tanager looked at the man who was lying on the ground. He was a man who was not afraid to fight. He was a man who was not afraid to die.

Bipartisan Agreement on Red Ban Seen

By JOHN CHADWICK

WASHINGTON (AP)—Senate Republican Leader, Knowledge of California said today he thought it was still possible to reach a bipartisan agreement on a much-needed bill to ban the Communist party.

Two yesterday administration leaders were confident, first by the Senate and then by the House, in their efforts to keep out of the measure a provision making Communist party membership a crime.

The double setback was a surprise upset for Republican leaders after they had engineered a move that only the day before put the bill through the House in a form satisfactory to President Eisenhower.

With Congress now rushing toward adjournment, Knowledge told newsmen he was pinning his hopes on a Senate conference committee to work out a compromise agreeable all around.

He is present, after shutting the Senate and Senate committee and then by the House, in their efforts to keep out of the measure a provision making Communist party membership a crime.

The outlawing of Communist party membership has been written into the bill in the Senate. It was moved there by Democrats who have been asking for a Republican vote to pass the bill.

Atty. Gen. Brownell has contended this would interfere with, if not wreck, the enforcement of present Communist-control laws. He has also contended that the bill would rely on a more indirect approach such as the 1950 Internal Security Act and the 1940 Smith Act.

Crain Would Accept Highway Post

LITTLE ROCK (AP)—Jim Crain, East Arkansas plantation owner and an active campaigner for Orval Faubus in the gubernatorial election, today said he would accept a position on the Arkansas Highway Commission if it is offered.

In answer to a question, Crain said: "I know of no better way to serve the state than to be on the highway commission. I will accept the position if it is offered to me."

Tanager looked at the man who was lying on the ground. He was a man who was not afraid to fight. He was a man who was not afraid to die.

Tanager looked at the man who was lying on the ground. He was a man who was not afraid to fight. He was a man who was not afraid to die.

WE RESERVE THE RIGHT TO LIMIT QUANTITIES

Our Daily Bread

Sliced Thin by The Editor

Alex. H. Wamburn

Ozan-Missouri Meeting

at Prescott August 25

New Fulbright Law

Washington (AP)—Right-of-way

rights which must be cleared up

spending can begin on the

\$97,500 federal appropriation to

channelize Ozan creek and Little

Missouri river will be discussed at

the Ozan-Missouri meeting at

Prescott, August 25.

I get this information from a

letter written August 16 by H.

Thatcher of Camden, executive

vice-president of the Ozan-Missouri

river association.

The August 25 meeting is

specifically directed at the county judges

Hempstead, Nevada, Quachita,

and Clark—since the federal

project covers Little Missouri river

the way from a point a few miles

to the Nevada river to the con-

fluence with the Quachita river. To

date there has been spent on the

Little Missouri \$12,000,000.

Mr. Thatcher said in his letter:

"The Quachita Valley associa-

tion is adding the Corps of

Engineers and the county judges

and citizens whose land is

affected by the improvement

to be made on Ozan creek and

the Little Missouri river to get

everything in shape so that con-

struction work can begin late

this fall or early next spring.

"Land owners are not being

called to the August 25 meeting,

but they are welcome to attend

and listen to the proceedings

concerning the project. The

meeting is for the purpose of

discussing the project and the

method of procedure that may be

discussed."

Mr. Thatcher adds in a whimsical

postscript:

"Principal object of this letter-

ability."

So he has it.

But our editor will be at Prescott

August 25 along with the rest.

This meeting is of vital importance

to the Ozan-Missouri and Nevada

counties.

And this is an opportune time

to remind you of that Associated

Press dispatch you should have

read in yesterday's edition, de-

scribing the effect of the irrigation

aid bill sponsored by Senator J. W.

Fulbright and others which Presi-

dent Eisenhower has just signed

into law.

The dispatch in part:

"The new law extends to all

states the water facilities

act previously applicable only

to the Western states. Under

the law, farmers or groups of

farmers may borrow federal

funds to finance development of

water supplies for irrigation,

construction of necessary ir-

rigation structures, and pur-

chase of equipment.

"This law paves the way for

development of additional

water facilities in Arkansas,"

Fulbright told a reporter. He

said development of water sup-

plies for irrigation wells and

reservoirs would enable many

farmers to grow crops in times

of drought and make it possible

for Arkansas and other South-

ern states to grow more food

for the nation."

"Brightlight pointed out that in

addition to an initial appor-

portion of \$5 million the new law

also authorizes the Agriculture De-

partment to set up a project in

any area where the government

wishes to make water develop-

ment in areas where the govern-

ment wishes to make water de-

velopment in areas where the

government wishes to make
